OUR VISION

To Be a Leading Name in Luxury Decorative Surfaces

At Rosholime Luxurious Surfaces, our vision is to redefine modern architecture through exceptional craftsmanship and innovative decorative finishes. We aspire to become one of India's most trusted and admired brands in luxury lime-based plasters, microtopping flooring, and artisanal surface design.

We envision creating timeless spaces where every wall and floor reflects elegance, creativity, and enduring quality, inspiring architects, designers, and homeowners alike.

Our Vision Statement

"To transform ordinary spaces into extraordinary environments through handcrafted luxury surfaces that inspire timeless beauty and architectural excellence."

OUR MISSION

Crafting Excellence in Every Surface

Our mission is to deliver premium decorative finishes that combine traditional craftsmanship with contemporary design, providing customised solutions for residential and commercial projects.

We are committed to exceeding client expectations by focusing on quality, innovation, precision, and attention to detail in every project we undertake.

Our Mission Statement

- > Deliver premium handcrafted decorative surfaces of the highest quality.
 - > Create bespoke textures and finishes tailored to every client's vision.
- > Build lasting relationships through professionalism, reliability, and exceptional service.
 - > Continuously innovate with modern materials and design techniques.
- > Support architects, interior designers, builders, and homeowners with creative surface solutions.
 - > Enhance the beauty and value of every space through timeless craftsmanship.

OUR VALUES

The Principles That Define Rosholime

At Rosholime Luxurious Surfaces, our values guide every project we undertake and every relationship we build. They reflect our commitment to quality, craftsmanship, and customer satisfaction.

Excellence

We pursue the highest standards in every project.

Craftsmanship

Every finish is created with skill, passion, and precision.

Innovation

We embrace new ideas while respecting traditional techniques.

Integrity

We build trust through honesty and professionalism.

Customer Focus

Every client's vision is at the heart of our work.

Quality

We are committed to delivering elegant and durable decorative surfaces.

OUR PROCESS

ROSHOLIME LUXURIOUS SURFACES

"Excellence in Craftsmanship. Innovation in Design. Timeless Luxury in Every Surface."

WHY ROSHOLIME?

Experience the Art of Luxury Surface

At Rosholime Luxurious Surfaces, we believe that exceptional interiors deserve exceptional finishes. Our handcrafted decorative wall systems are designed to bring elegance, character, and lasting beauty to every space.

Premium Craftsmanship

Every Rosholime finish is carefully applied by skilled artisans, creating unique textures and refined details that make each project one of a kind.

Bespoke Design Solutions

No two projects are the same. We offer customized textures, colours, and finishes tailored to your architectural style and interior vision.

Inspired by Timeless Luxury

Our collection combines the heritage of traditional lime craftsmanship with contemporary design, creating surfaces that remain elegant for years to come.

High-Quality Materials

We use carefully selected mineral-based materials and premium decorative systems to deliver consistent quality, durability, and outstanding visual appeal.

Elegant & Seamless Finishes

From polished Venetian plaster to natural stucco and modern concrete effects, our finishes create a sophisticated, seamless appearance that elevates any interior.

Ideal for Premium Projects

Rosholime finishes are trusted for:

Residential & Commercial Expertise

- Luxury Villas
- High-End Apartments
- Hotels & Resorts
- Restaurants & Cafés
- Corporate Offices
- Retail Showrooms
- Reception Areas
- Signature Feature Walls

OUR COMMITMENT

At Rosholime, we are committed to delivering premium decorative finishes with unmatched craftsmanship, personalised service, and attention to detail.

From concept development to final application, we work closely with architects, interior designers, builders, and homeowners to create spaces that combine functionality with timeless luxury.

OUR BRAND STORY

Crafting Timeless Luxury Through Handcrafted Surfaces

Every extraordinary space begins with a vision. At Rosholime Luxurious Surfaces, we believe walls are more than structural elements—they are a canvas for art, elegance, and individuality.

Inspired by the heritage of traditional lime craftsmanship and refined through modern design principles, Rosholime creates handcrafted decorative finishes that transform ordinary interiors into timeless masterpieces.

Our passion lies in delivering textures that evoke sophistication, warmth, and character. From the subtle elegance of natural lime plaster to the rich depth of Venetian and stucco finishes, every surface is created with precision, creativity, and attention to detail.

We collaborate with architects, interior designers, builders, and homeowners to develop bespoke finishes that complement each project's unique identity. Every application is carried out by skilled artisans who understand that true luxury is found in craftsmanship and detail.

Our commitment extends beyond aesthetics. We focus on quality materials, professional execution, and customer satisfaction, ensuring that every project reflects the highest standards of excellence.

Today, Rosholime continues to redefine luxury wall finishes by blending tradition, innovation, and artistry into every handcrafted surface.

 - Luxury design expertise
 - Skilled artisan workmanship
- Tailor-made decorative solutions
 - Professional project execution
 - Exceptional attention to detail
 - Elegant and timeless aesthetics
- Residential and commercial applications
- Commitment to quality and customer satisfaction

FOUNDER'S MESSAGE

Welcome to Rosholime Luxurious Surfaces

Dear Valued Clients, Partners, and Design Professionals,
It is my pleasure to welcome you to Rosholime Luxurious Surfaces.

Rosholime was founded with a simple vision—to transform ordinary walls into extraordinary works of art. We believe that every interior should reflect the personality, elegance, and aspirations of the people who experience it.

Our passion for handcrafted lime plaster and decorative finishes has driven us to create surfaces that combine timeless craftsmanship with contemporary luxury. Every project we undertake is approached with dedication, precision, and a commitment to excellence.

We understand that luxury is defined by attention to detail. That is why we work closely with homeowners, architects, interior designers, and builders to create customized finishes that enhance the beauty and value of every space.

At Rosholime, quality is more than a promise—it is the foundation of everything we do. From carefully selected materials to skilled application techniques, every wall is crafted to leave a lasting impression.

As we continue our journey, our commitment remains unchanged:
to deliver innovative decorative finishes, exceptional
service, and enduring trust to every client.

Thank you for choosing Rosholime and allowing us to be a part of your dream spaces. Together, we will continue to create interiors that inspire, impress, and stand the test of time.

With sincere gratitude,

R. R. YADAV

Founder & Managing Director
Rosholime Luxurious Surfaces

The Cycle of Lime in Luxury Lime Based Plaster

YOUR VISION OUR PASSION

*"Where Every Surface Becomes a Masterpiece
of Craftsmanship and Timeless Luxury."*

“ Rosholime serves architects and designers around the world. We have thousands of samples to choose from and can create infinite customizations and combinations for all your projects. Our endless palette of colors and textures designed for durability will inspire tranquility with a classic, elegant look or a bold, dynamic effect with modern flair. Whatever you desire, Deco Plaster offers a vast new aesthetic to explore. ”

Product characteristics

> Rosholime Luxurious Surfaces an interior and exterior finishing which permits to obtain, with one layer, the traditional effect of the stone. The colour shades can be personalized by using the colour scheme of the Tintometric system Rosholime (Luxury & Lime).

> Its accurate composition, mixed in water, creates a modern paste to be used to create many finishings similar to the antique stone.

> The tradition of lime, produced with an advance technology, aims Rosholime towards the Environment Care and Green Division market. The natural raw materials, accurately selected, give Rosholime Luxurious Surfaces a very high ecologic value: the dispersion of humidity avoids the growth of moulds and bacteriums, without using chemical additives. Non-flammable and low odour.

POLISHED PLASTER

Venetian Plaster is a collection of stunning wall and ceiling finishes that capture the timeless appeal of authentic polished lime plaster. With a range of colours to choose from, you can create a seamless and sophisticated look for your home or business.

BAMBOO FINISH

Description:

Blended mineral plaster with natural pigments and pearlescent additives, creating a soft, iridescent wash effect. Provides a luxurious, light-reflective finish with gentle texture.

Bamboo is created from Istinto product (lime and selected Carrara Marble) tinted in your chosen colour and then finished to your liking from natural to iridescent finish.

It creates the look of bamboo while adding texture to the walls to suit the latest Japanese/Asian architectural influenced trends. Great for feature walls in master bedrooms, alfresco areas and living areas

Application Field:

Interior

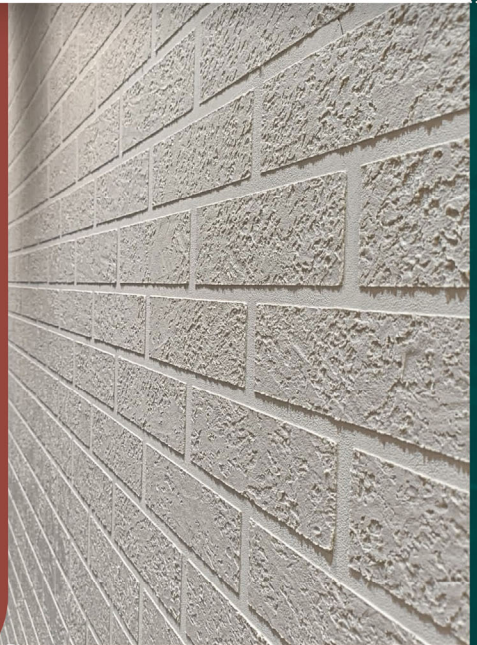

BRICK FINISH

Description:

The exterior brick finish is part quirky and part timeless. With the right design inspiration, the finish can add a unique and perfectly imperfect touch to any wall. It makes for a perfect finish for traditional, eclectic and contemporary spaces

Application Field:

Interior & Exterior

PEARL SILK

Description:

A finish that's nothing short of sheer elegance. A pearlescent product composed of crushed silver and gold, the finish is well complemented with a warm grazing light. The finish can be achieved with brush and swirl effects.

Synthetic decorative with a pearlescent silk effect. Paste product composed of resins and silvery or golden metallic pigments, for finishes with a classic style and a modern design.

It can be applied with a brush, spatula or trowel, each providing a unique texture and finish, along with subtle tonal variations to the coating.

Application Field:

Interior

FABRIC FINISH

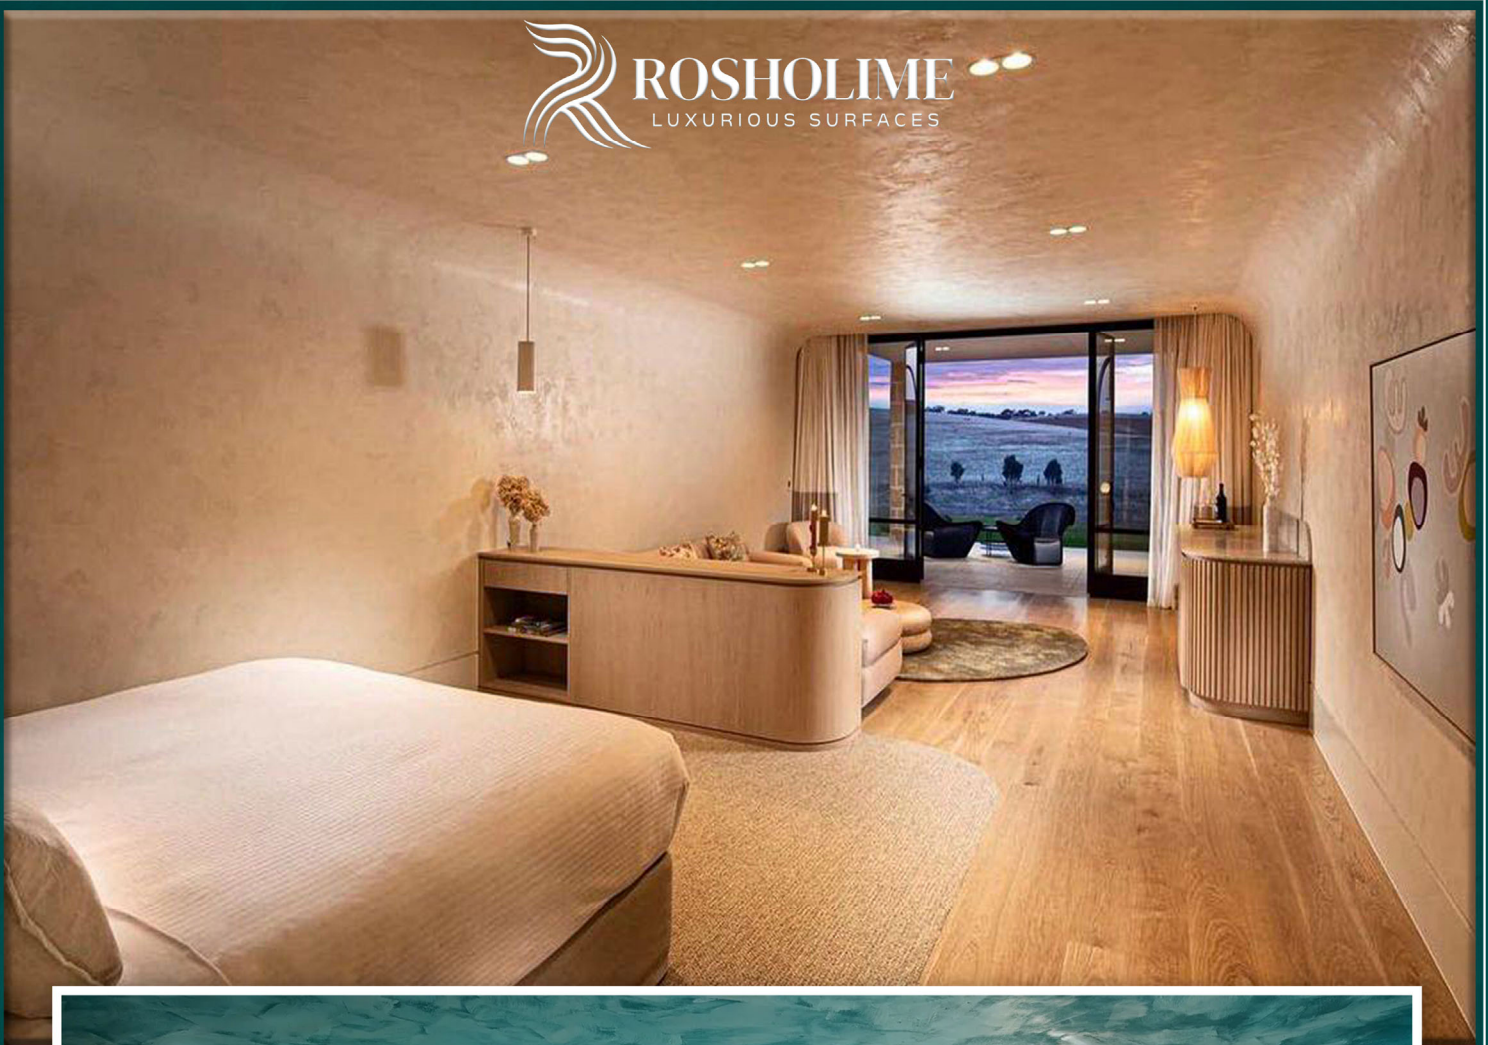

Description:

Mineral and pigment base enhanced with metallic wax for a subtle sheen and textile inspired texture. Creates walls that are tactile, layered, and visually refined.

It creates an authentic Jute Fabric/hessain cloth dramatic texture and smooth finish.

Application Field:

Interior

COLOR NOT END FOR US.

WAY OF APPLICATION

“ It is naturally mold and mildew resistant and has to be painted every few years to stay looking fresh, lime plaster will not fade and will continue to look great for many years to come. So if you are looking for a true upgrade to basic painted walls then you have found it here in luxury lime plaster. ”

NATURAL CONCRETE LIME

Description:

This one is a concrete choice indeed!
With the Concrete finish, the aesthetic appearance of your surface is elevated with an added serene, noiseless effect that bring peace to your spaces and life, unlike usual noisy detractors.

Powder compound of gypsum, cement, hydrated lime, marble aggregates, hydraulic binders & special additives, with a concrete surface effect, supplied in a light grey shade

Application Field:

Exterior & Interior

CONCRETE

GROOVES AND BUTTONS

Description

Powder compound of gypsum, cement, hydrated lime, marble aggregates, hydraulic binders and special additives, with a concrete surface effect combining the look and shutter board joints and tie rod holes to give a constructive look of a raw RCC wall..

Application Field:
Interior & Exterior

SPATULA / MARBLE GLOSS

Description:

Paste of extremely thin grasello for prestigious, smooth and classic finishes with a high gloss Venetian Stucco effect.

Marble effect made from Venetian Plaster a mixture of burnt lime powder and water to create a stuccoed Marble look-like surface.

Application Field:

Interior

Inspired by the legacy of centuries past, this sustainable surface finishing material pays homage to the ancient art of lime plastering, an age-old technique that has gracefully withstood the test of time.

DISTRESSED

Description:

This one is a concrete choice indeed! With the combination of concrete finish, the aesthetic appearance of your surface is elevated with an added serene, noiseless effect that bring peace to your spaces and life, unlike usual noisy detractors.

Application Field:
Interior & Exterior

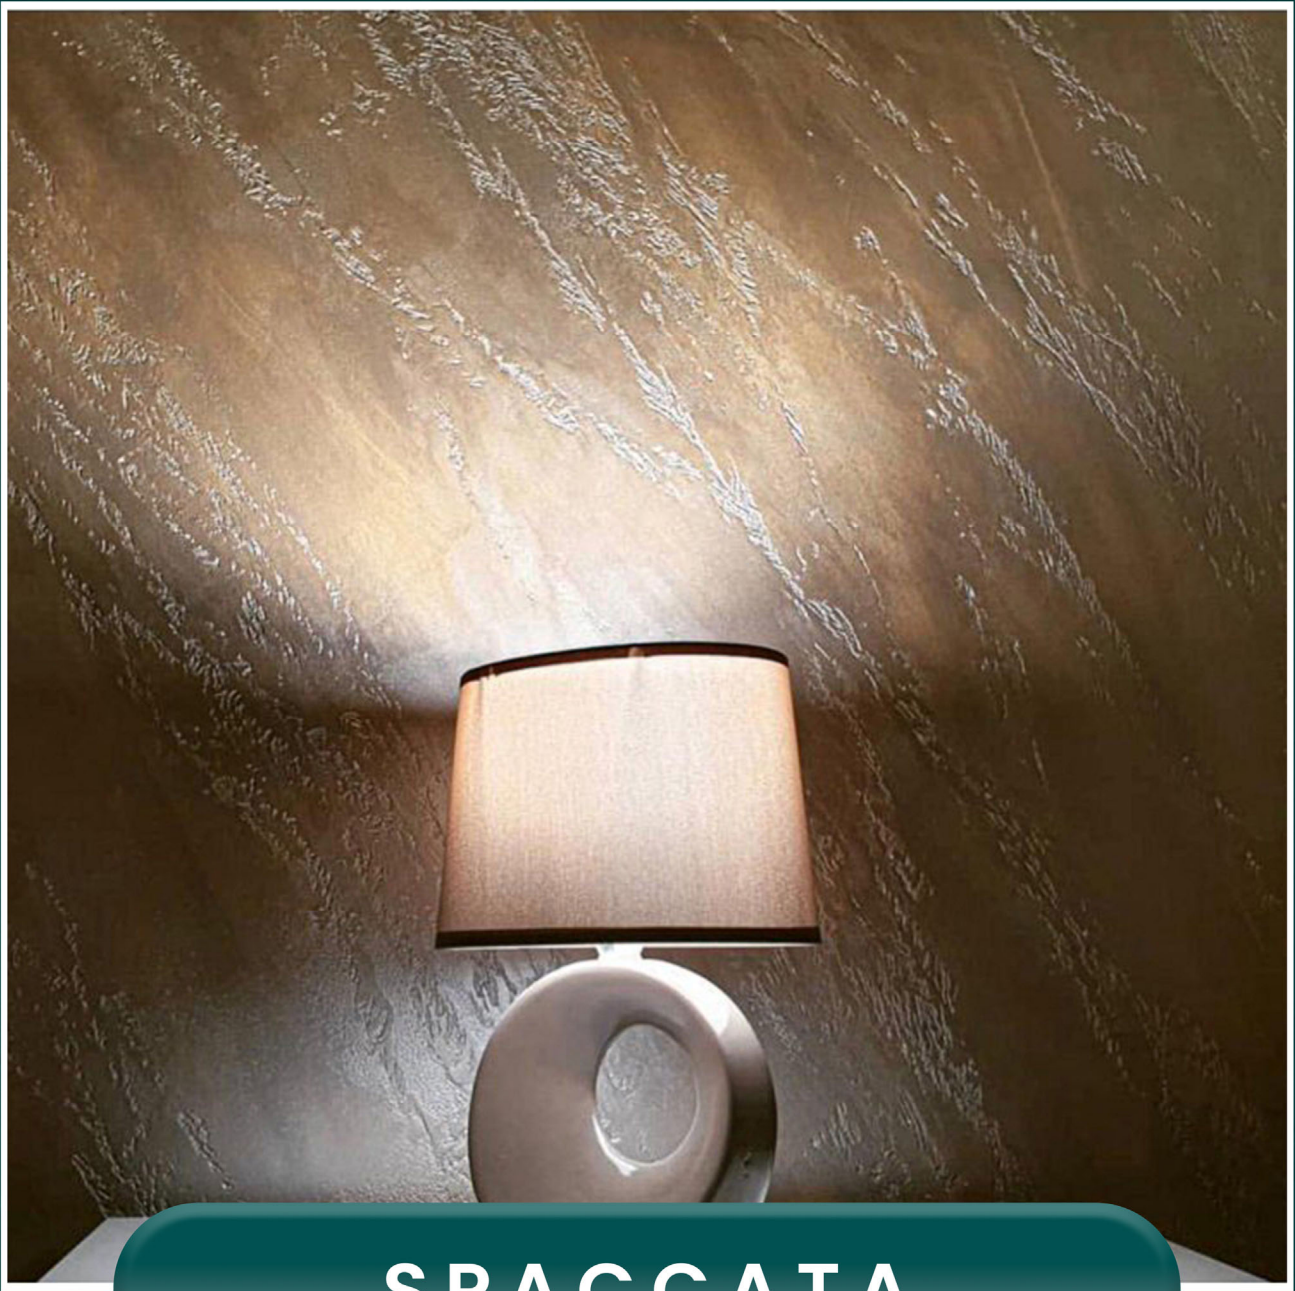

PIETRA VISSUTA

Description:

This finish is the most subtle from the Istinto range and therefore is suitable for large areas such as living rooms or even whole interiors. It has a dramatic stone look and is velvety to the touch

Application Field:
Interior

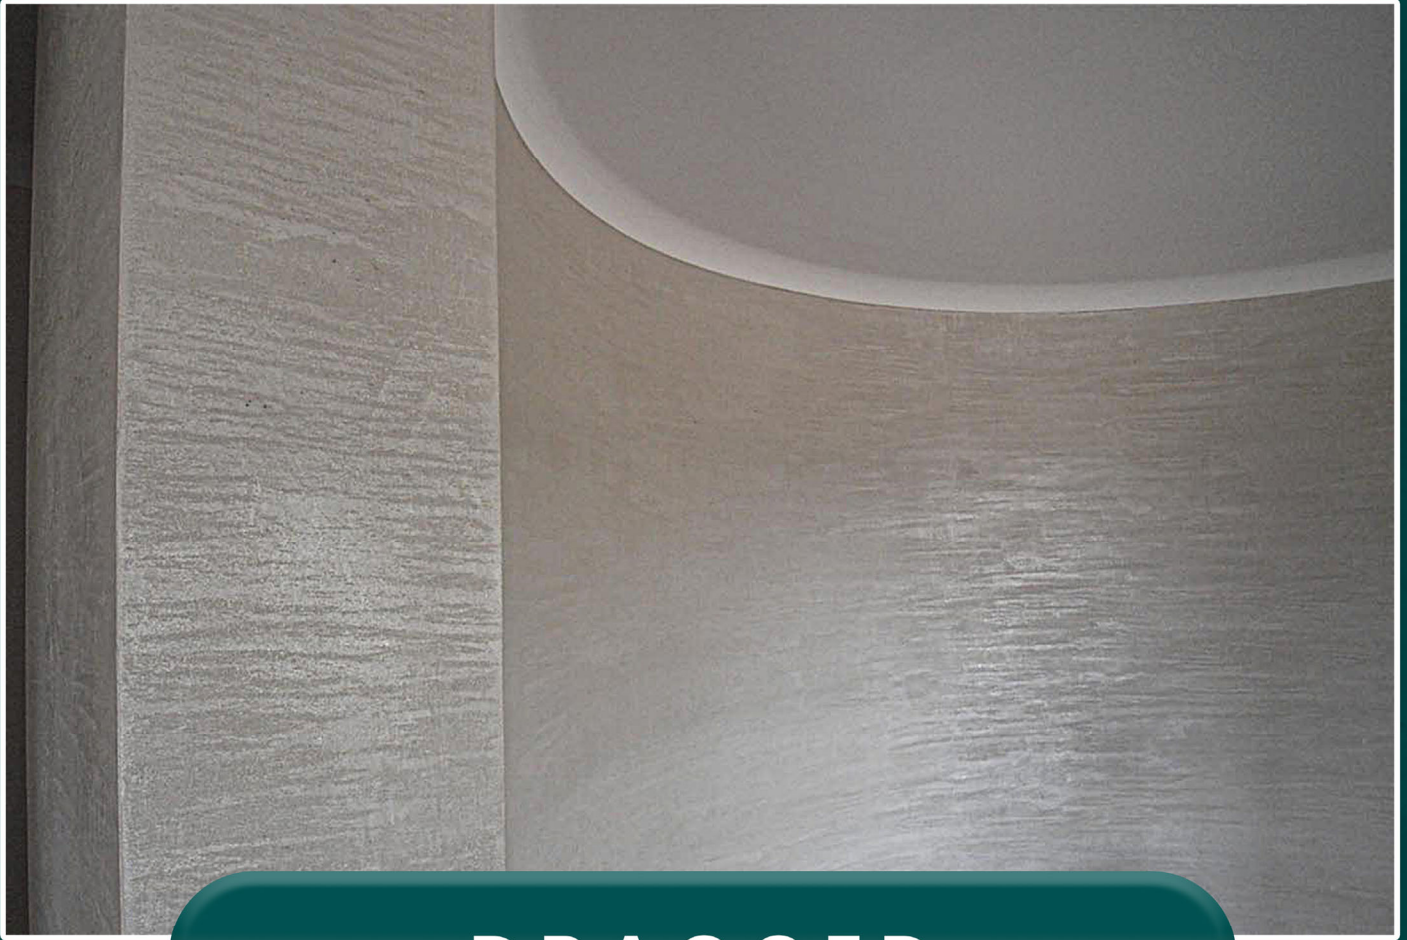

SPACCATA

Description:

With wonderful complex patterns, Istinto creates smooth leather like and naturally shiny or matt finishes. You can get finishes like cut stone, polished stone, carved stone, natural cement, Zen Stone and Bamboo. It comes with a complete acrylic finish comprising waxes of soap and beeswax.

Application Field:

Interior & Exterior

DRAGGED

Description:

The Travertine finish has a light open texture and possesses qualities similar to that of natural travertine stone.

At the surface is a low sheen, and although applied in just one colour, the beauty of it is that you can see distinctly different tones running through it.

Application Field:

Interior-Exterior

Lime plaster adds a natural texture that exudes authenticity and brings rusticity, brightness and warmth to a room.

Made with ecological ingredients, it helps create a healthy environment in your home.

GRADIENT EFFECT

Lime Plaster is a great choice for your walls.

if you want to add some character and charm to your space.

It creates a natural and rustic look that can complement any style of decor.

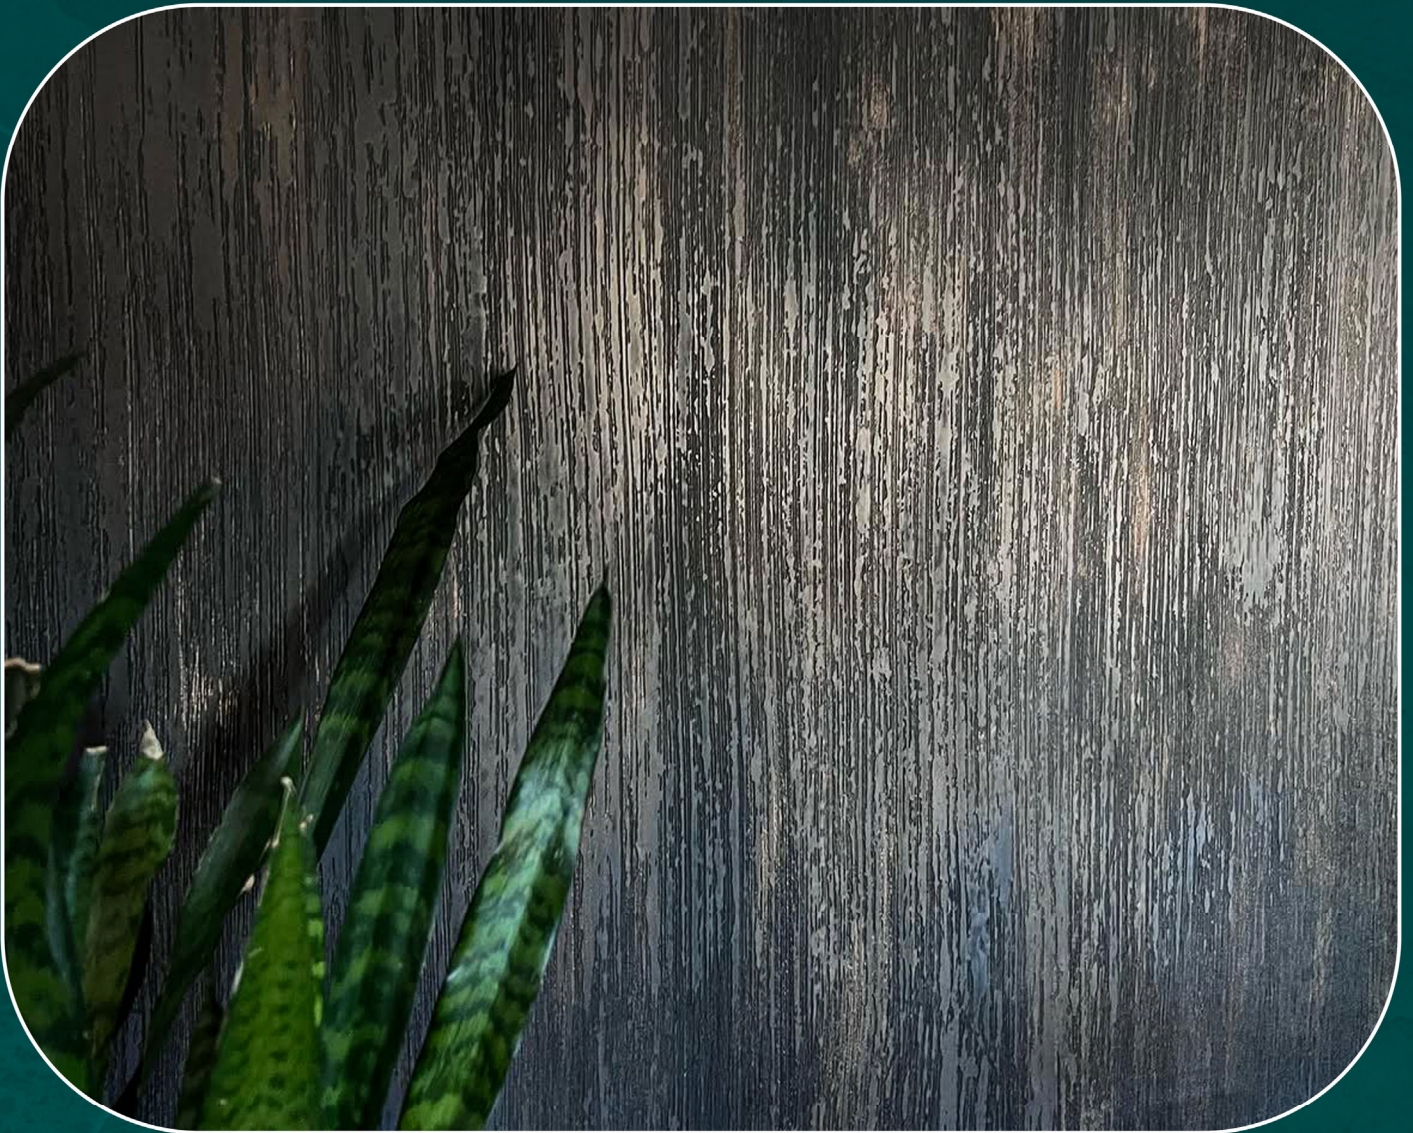

Lime Plaster are also eco-friendly and

Durable, as it is made from natural materials and

Resists mold and mildew.

They are easy to apply and can cover imperfections and cracks on your walls.

If you are looking for a way to refresh your home or workplace
with a unique and beautiful finish, lime Plaster is the way to go!

ZEN+METALLIC WASH

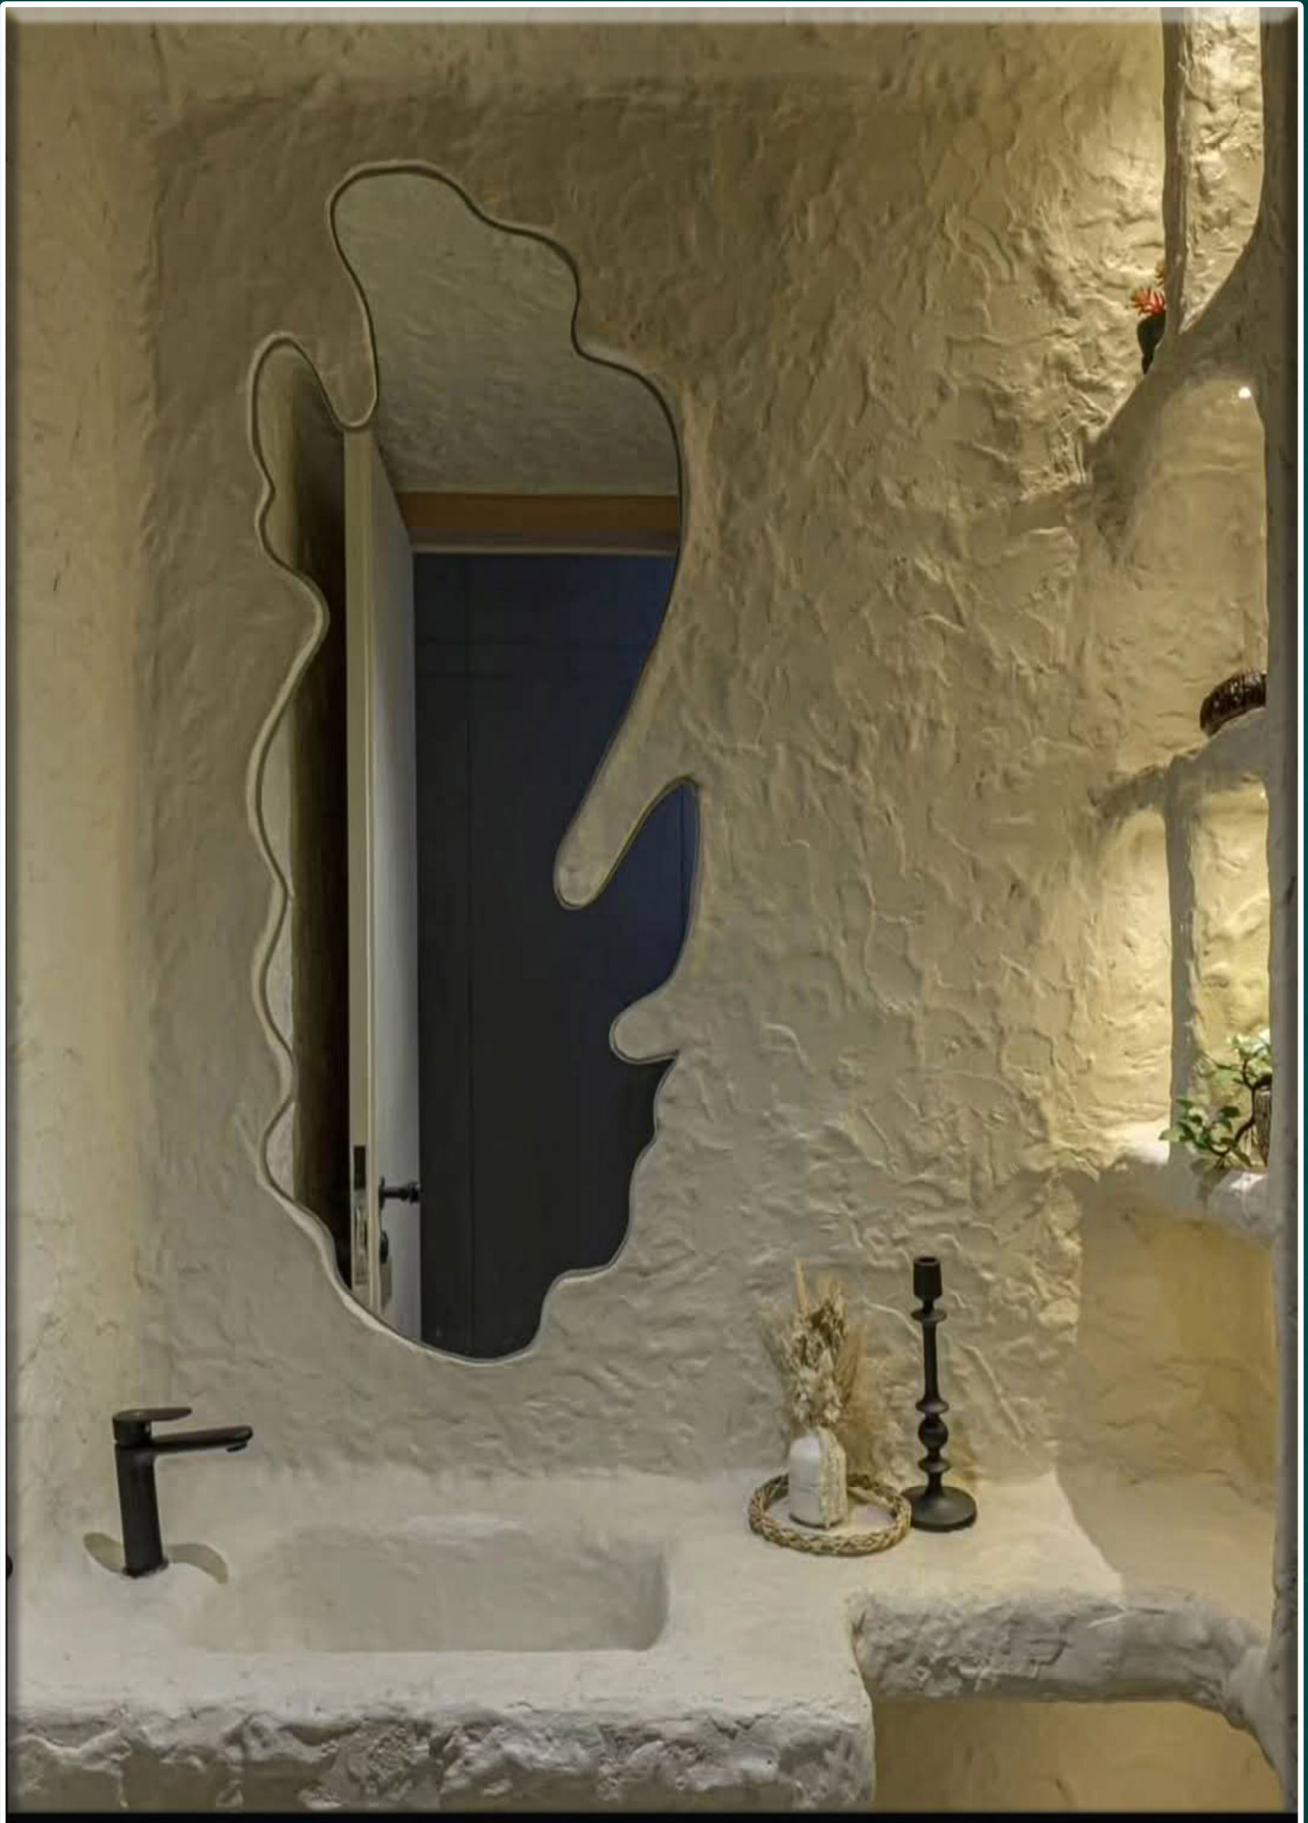

Description:

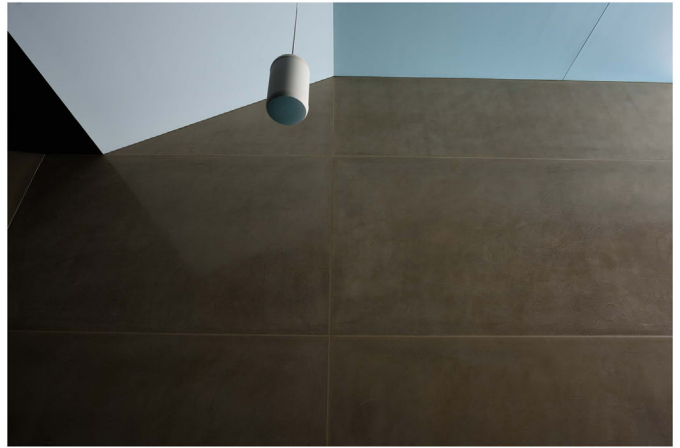

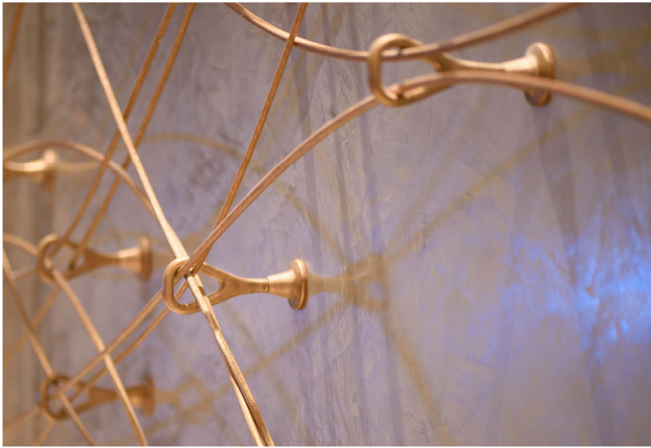

Lime and mineral compound producing a soft, matte surface with even texture.

Ideal for modern interiors seeking understated elegance and a serene, calm aesthetic.

Smooth mineral plaster mixed with metallic pigments to provide a soft reflective surface. Offers contemporary elegance with understated texture for premium interiors.

Application Field:
Interior

CONCRETE LIME – SMOOTH

Description:

Powder compound of gypsum, cement, hydrated lime, marble aggregates, hydraulic binders & special additives, with a concrete surface effect, supplied in a light grey shade.

Application Field:

Exterior & Interior

MOON CRATER

Description:

Powder compound of gypsum, cement, hydrated lime, marble aggregates, hydraulic binders and special additives, with an uneven heavy pitted surface.

Application Field:

Interior & Exterior

FUSO

MADREPERLA

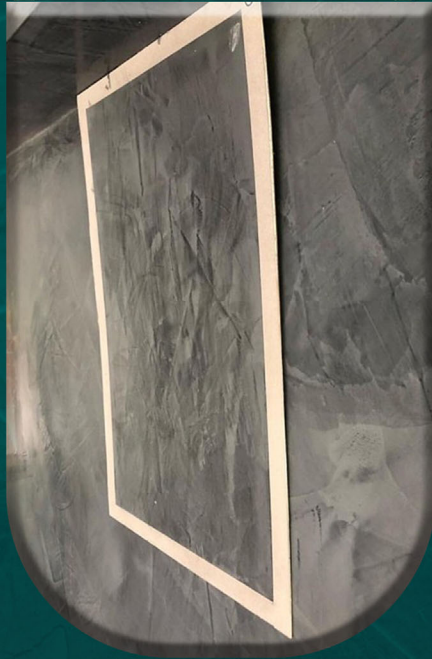

Description:

This premium finish, Marmorino Matt Madreperla 600, is mixed with selected and fringed Australian Mother-of-Pearls, giving a prestigious decorative finishing. It brings out the traditional Venetian Marmorino effect and provides a natural sparkle owing to the Mother-of-Pearl.

Application Field:

Interior & Exterior

MARMORINO FINE – SMOOTH

Refined lime plaster finish that offers a polished, marble-like look. Its silky surface reflects light beautifully, adding depth and elegance to any space. Durable and eco-friendly, it is ideal for creating timeless luxury in modern interiors.

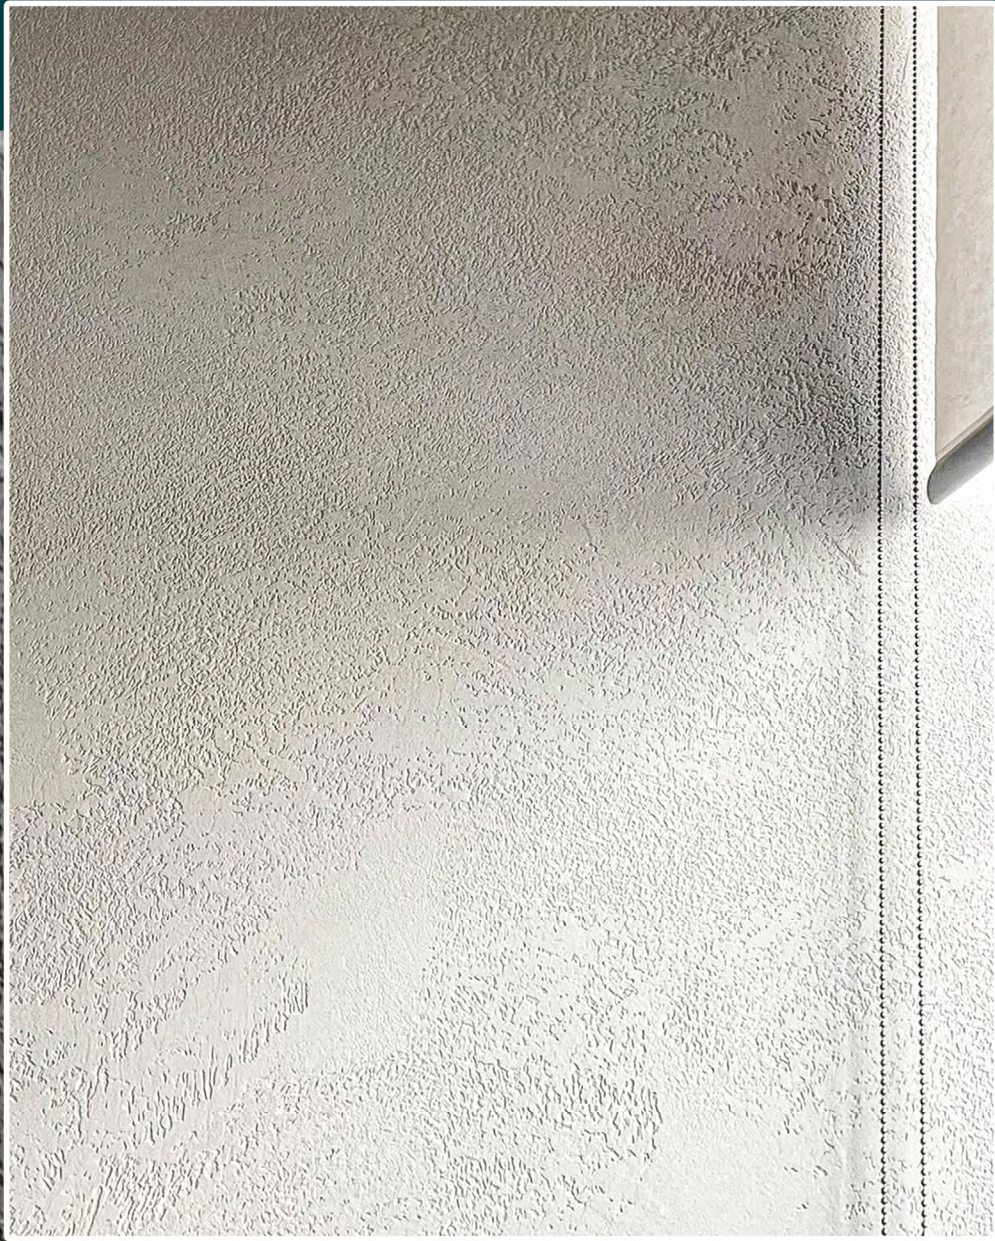

MARMARINO – SAND SMOOTH

Description:

Marmorin Sand is a finishing plaster based on genuine slaked lime putty, for interiors and exteriors. It is obtained with an environmentally friendly formulation, along with the adding of fine natural sand, to achieve a translucent and smooth finish, enriched with a unique shaded and salt and-pepper effect. Ideal for the renovation of historical buildings and accent surfaces, such as pillars, columns, cornices and friezes to give a smooth ancient feel.

Application Field:

Interior & Exterior

PITTED

Description:

Pitted polished plaster has the look and feel of honed stone the pitted pattern can be adjusted by the artisans hand. Polished plaster pitted stunning finish can be applied in a number of ways giving you a variety of different pits from fine to heavy.

Application Field:

Interior & Exterior

CEMENTO NATURAL

Description:

It is one of the easiest finishes to do in the Istinto range. The difference between this product and the common concrete finish is the product's coarse texture. In fact, with Istinto, the structural industrial concrete look of an ultramodern house is achievable.

Application Field:
interior

GLIMMERPUTZ

Description:

Glimmerputz is a one-of-a-kind surface, a natural stone finish effect with gold stones reflections. A surface that will give an unexpected glimmer to your walls, made with fine marble powder and mica gold stones for a new definition of lush. Glimmerputz is suitable for any interior space.

Application Field:
Interior

SILK DECOR

Description:

Decorative Silk is an interior finish that enables the creation of metallic-effect surfaces. Enriched with special pearlescent pigments, it produces surfaces with a textured appearance, featuring captivating chromatic effects that vary depending on the light's angle of incidence.

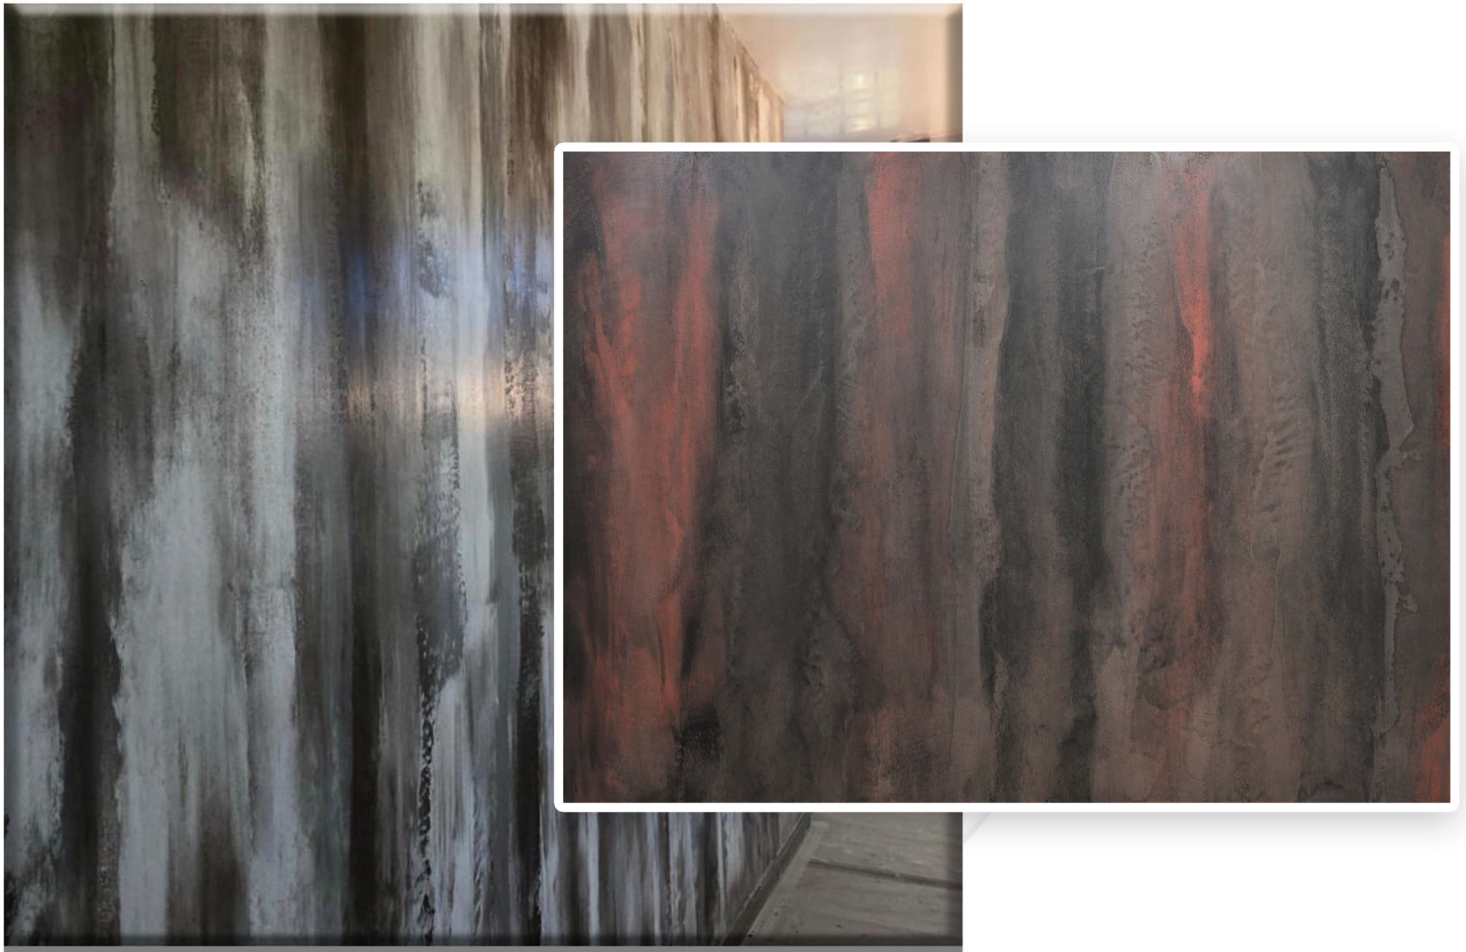

Application Field:
Interior

STENCIL LIME PLASTER

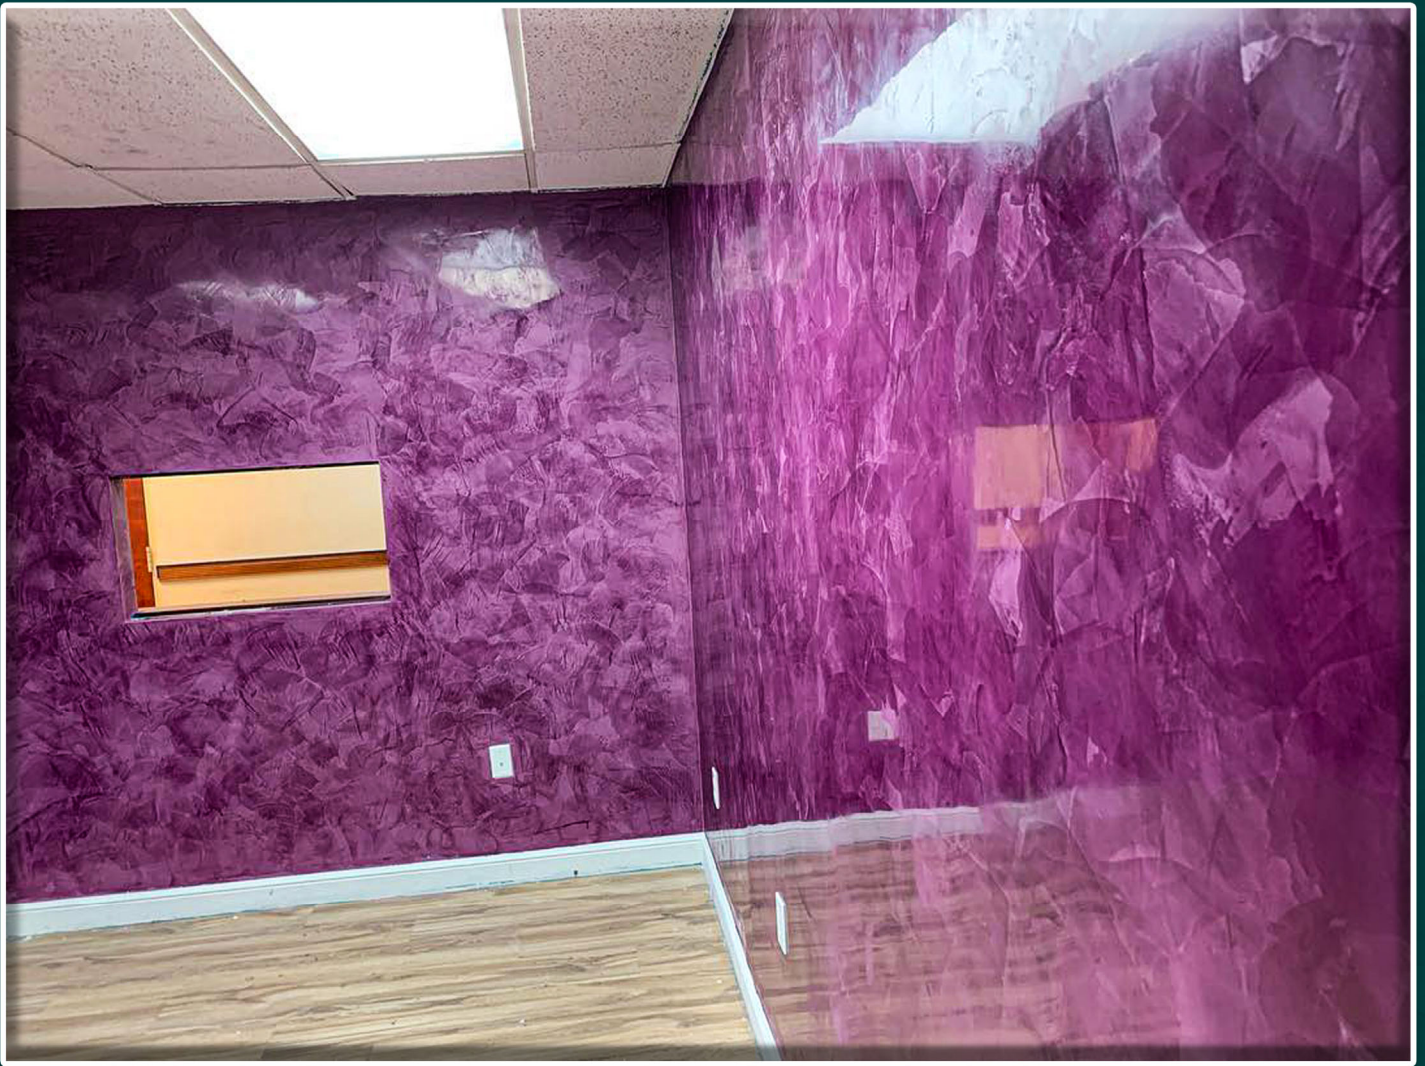

LIME WASH

Description:

Limewash paint is known for its chalky, nuanced texture that creates a romantic old-world feel. It's made from crushed limestone that's fired at very high temperatures, mixed with water, and coloured with natural pigments.

Application Field:

Interior

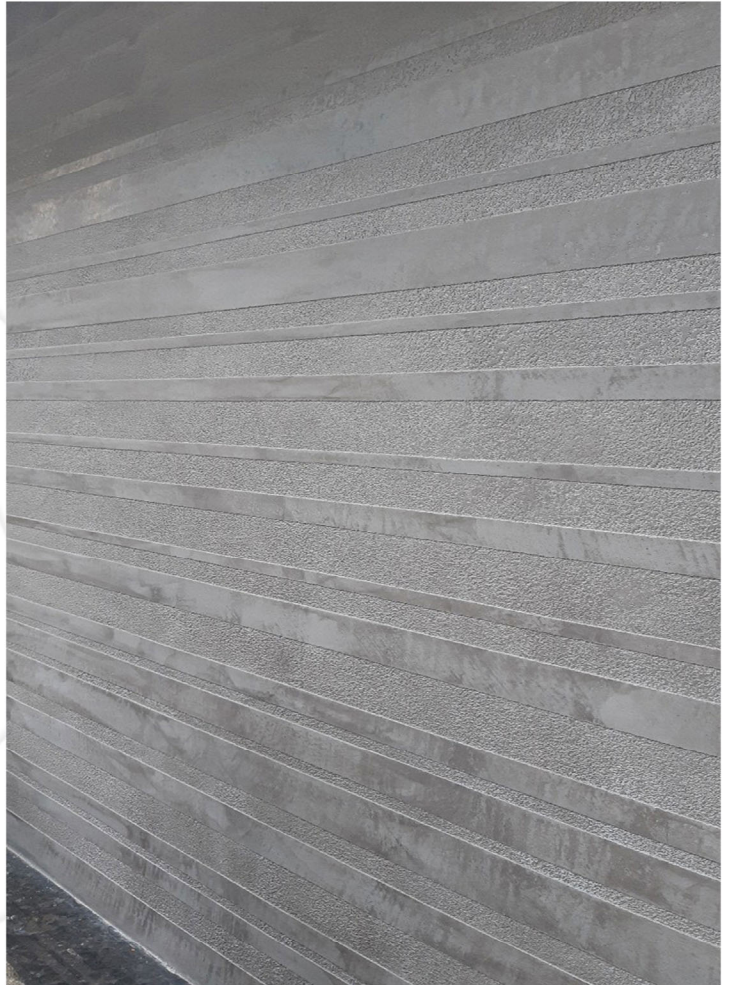

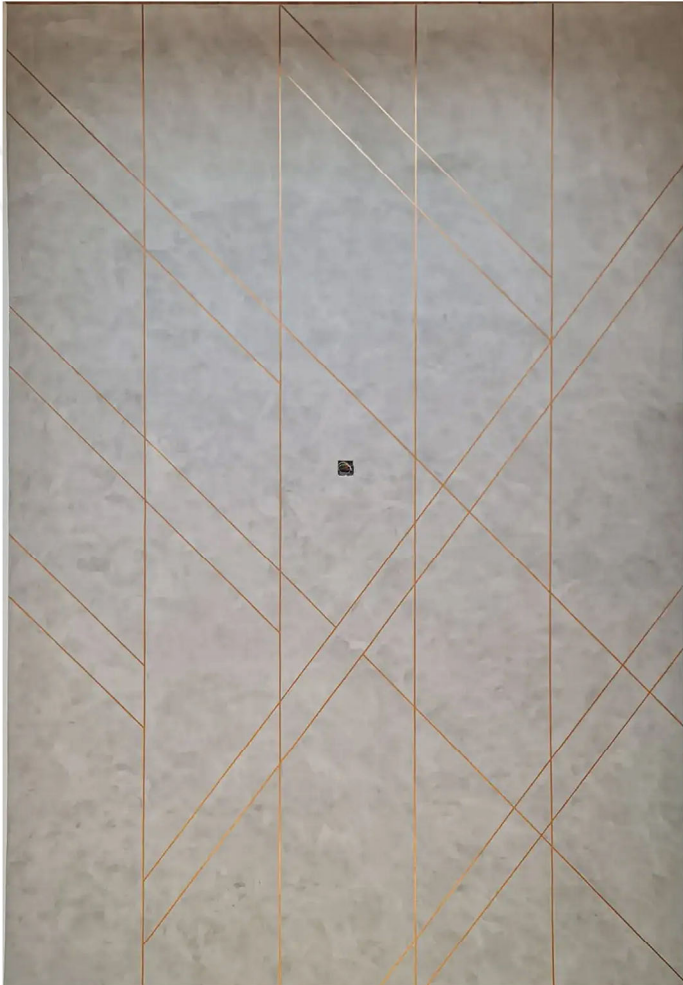

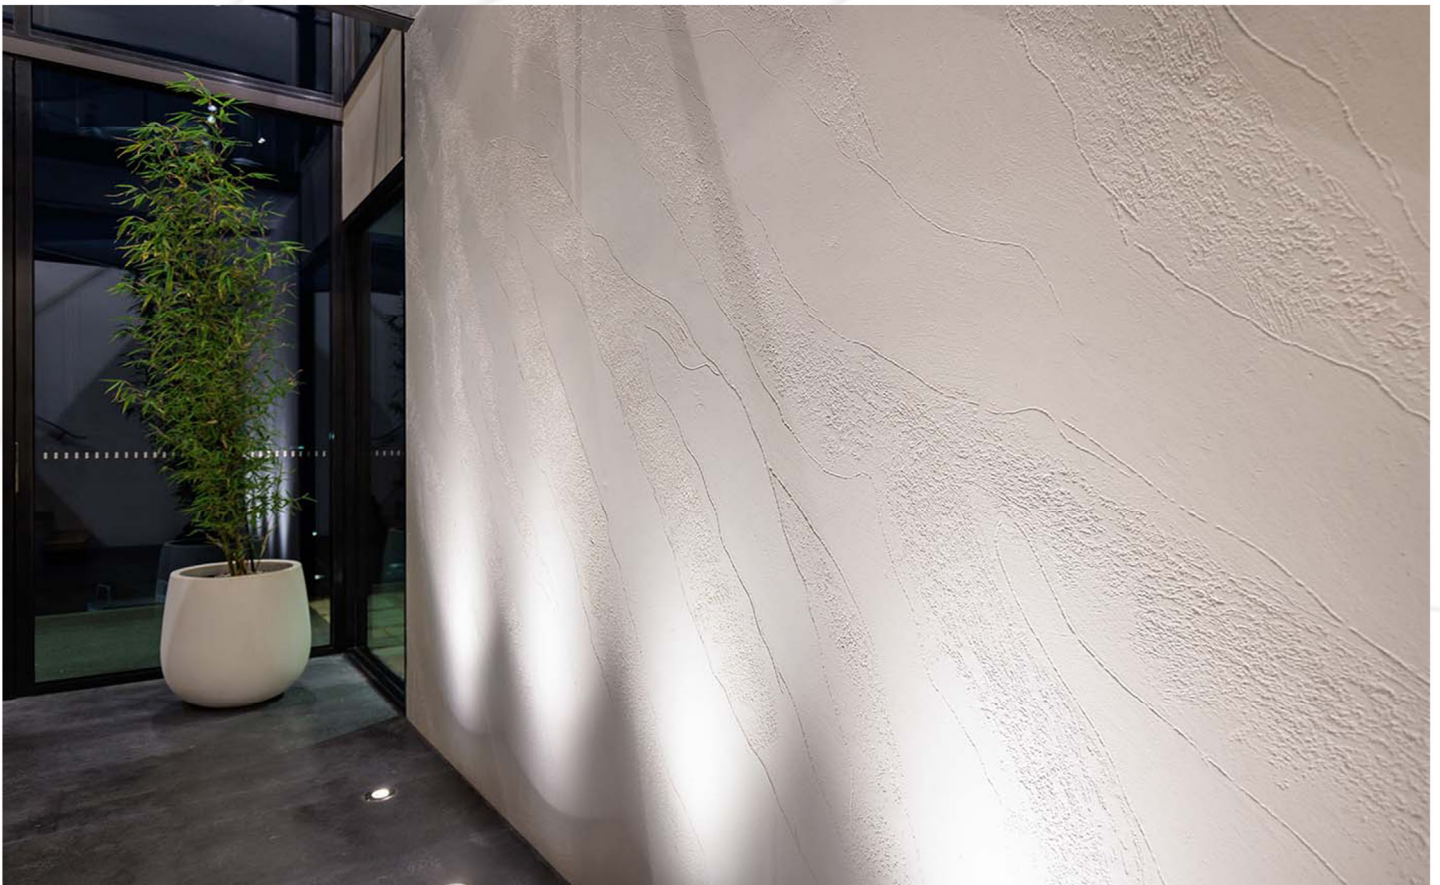

STUCCO

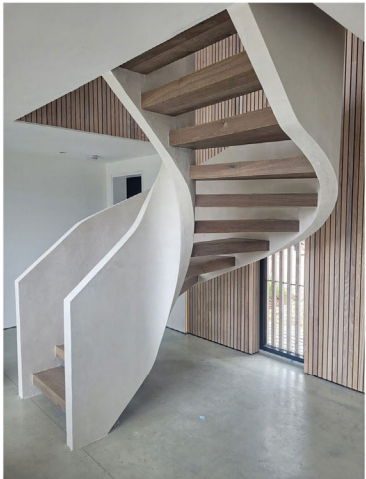

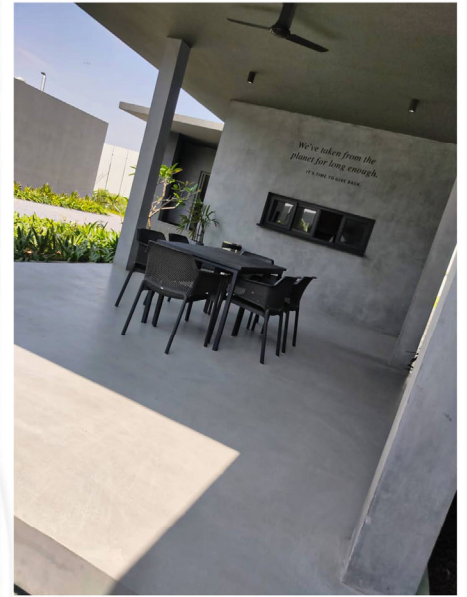

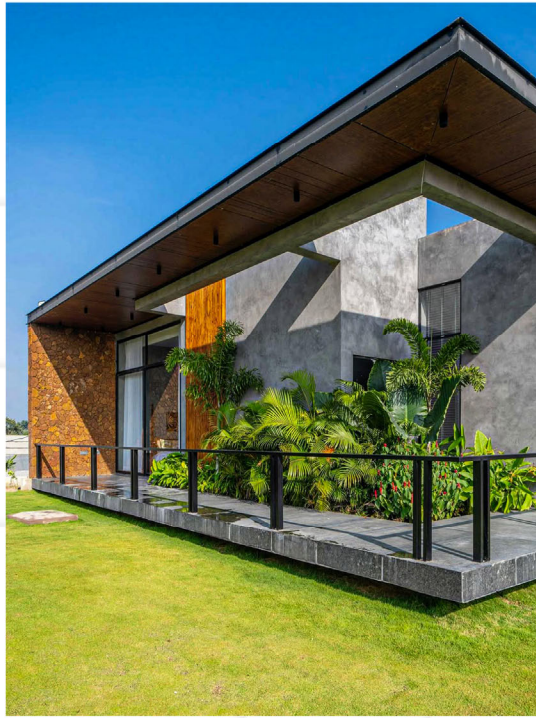

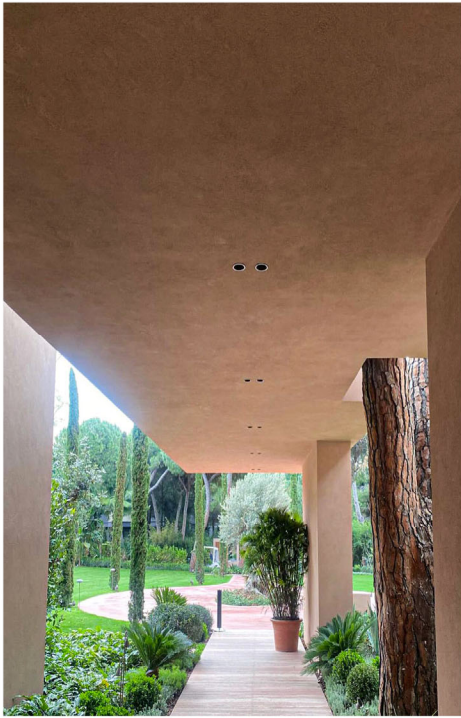

Description:

The Stucco finish reflects pure luxury. It dates back to the Egyptians, Romans and Venetians, where it was traditionally applied and polished with hot irons. It's certainly one of the most intriguing textures with the highest sheen. Applied in numerous fine layers and then trowel polished to a glassy surface, it possesses remarkable depth and sheen.

Application Field:
Interior

Used in plenty of applications
(floors, walls, furniture, bathrooms, kitchens – indoors and outdoors)
Highly aesthetic, customized finish through
the wide range of colors, effects and textures

MICRO-TOPPING

Dive into the realm of architectural refinement with "Microtopping", also known as microcement, a creation that epitomizes the pinnacle of sophistication. It is a thin, cement-based coating that can be applied over existing surfaces, such as floors, walls, countertops, and furniture, to create a seamless, smooth, and modern finish. Imbued with the transformative power of microcement, this finish is more than a surface; it's a canvas upon which design aspirations are painted in strokes of finesse. Microtoppings creates a continuous and seamless surface without grout lines or joints. This gives the space a modern and sleek look.

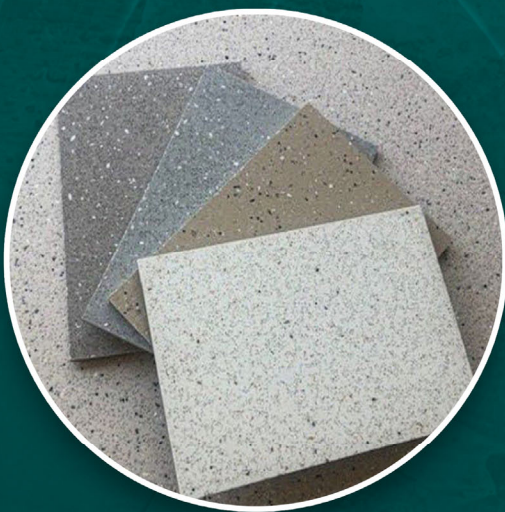

This finish can be used to accentuate the flooring of the interiors. To achieve this finish a combination of different materials such as wood, ceramics, steel and more can be used. It has a wide range of colour options and also is extremely easy to maintain.

Microcement is a decorative coating composed of cement, water-base resins, additives and mineral pigments that can be applied on a multitude of vertical and horizontal surfaces thanks to its great adherence.

Nature is two-Component lime based microcement that stands out for its handcraft and material aesthetics. A thin continuous coating for floors and walls with superior mechanical resistance and workability.

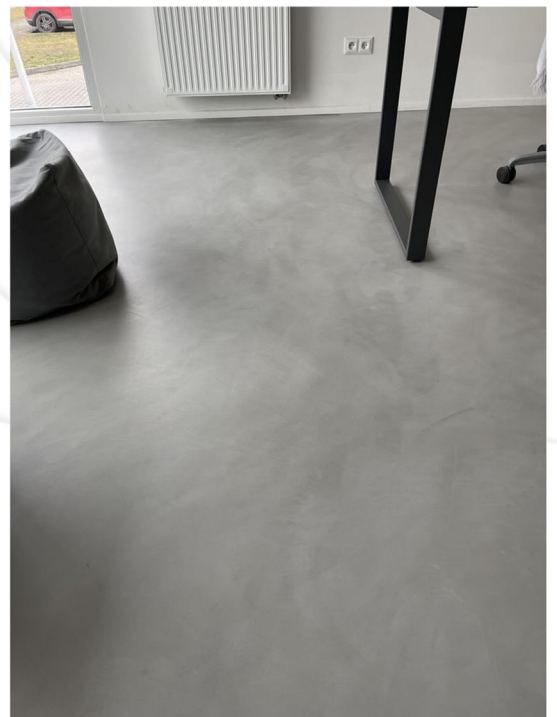

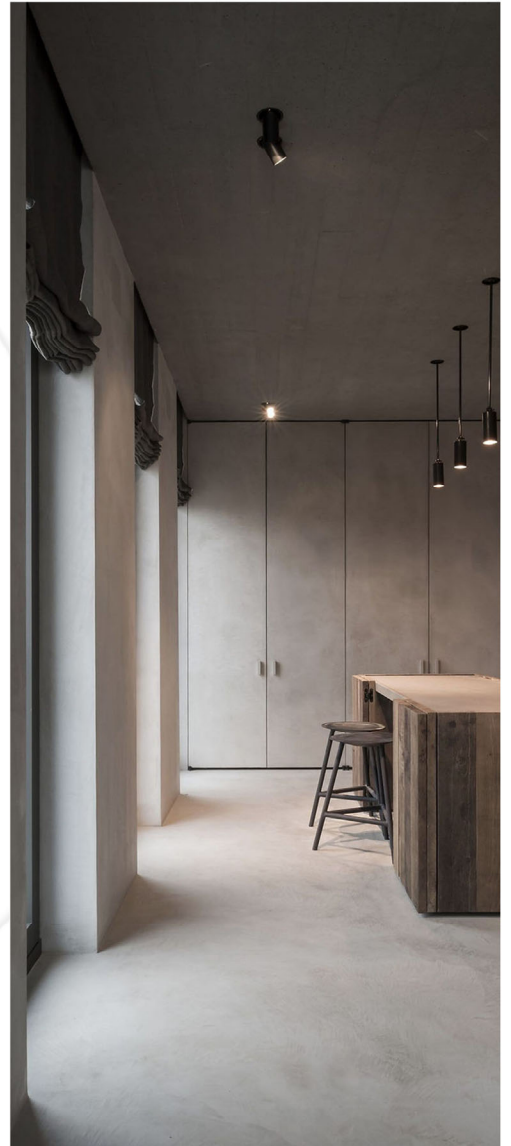

TERRAZZO

The two-component product is made from an innovative mineral binder naturally found in nature, and results in a smooth paste that is highly adaptable and can be mixed with various aggregates, such as marble or glass. The dried material has an authentic, natural appearance.

The base has a white colour with an ivory hue and can be tinted with colourant pigments or marble powders to achieve the desired shade.

Terrazzo combines stone or marble fragments in cement or resin to create durable, elegant surfaces. It is ideal for floors in residences, hotels, lobbies, retail, and cultural spaces. Highly adaptable, terrazzo allows for custom patterns and colour compositions, providing a balance of strength, visual richness, and timeless design that endures heavy use while enhancing any environment. Interior or exterior

It is a bicomponent lime-based microcement with low shrinkage, high resistance, and exceptional durability. Its continuous, thin coating suits both floors and walls, combining strength with artisanal charm. Inspired by tadelakt and exposed concrete, it offers versatile decorative finishes of timeless beauty.

ABOUT US

ROSHOLIME LUXURIOUS SURFACES

Crafting Timeless Luxury Through Handcrafted Surfaces

Rosholime Luxurious Surfaces is a premium decorative surface brand dedicated to creating elegant, sophisticated, and timeless interiors through exceptional craftsmanship and innovative surface solutions.

With expertise in Venetian Plaster, Lime Plaster, Lime Wash, Polished Plaster, Microtopping, Microcement, Terrazzo, Decorative Surfaces, Interior & Exterior Textures, and Texture Paint, we transform ordinary walls and floors into extraordinary architectural features.

Our approach blends traditional artisan techniques with modern design principles, resulting in bespoke finishes that reflect individuality, luxury, and lasting beauty. Every project is carefully executed by skilled craftsmen who pay attention to every detail, ensuring a refined finish that enhances the character of each space.

Whether designing a luxury residence, boutique hotel, corporate office, retail showroom, or hospitality project, Rosholime delivers customised surface solutions tailored to the client's vision and architectural style.

We believe that every surface should tell a story of quality, creativity, and elegance. Through our passion for innovation and commitment to excellence, we create spaces that inspire and leave a lasting impression.

www.rosholime.com

What if I told you that not only is lime plaster beautiful, but it is also natural, eco green, healthy, and will last as long as your walls. Well it is all that. Lime plaster is limestone that has been turned into a paste like material and once it dries on your walls it becomes limestone again. You can not get a more natural hand applied finish on your walls than that.

*Where timeless craftsmanship meets modern luxury
creating walls that leave a lasting impression*

!! THANK YOU !!

FREQUENTLY ASKED QUESTIONS (FAQ)

1. What is Lime Plaster?

Lime Plaster is a premium mineral-based decorative finish that creates elegant, natural-looking walls with unique handcrafted textures and timeless beauty.

2. What is Venetian Plaster?

Venetian Plaster is a polished decorative finish inspired by traditional Italian craftsmanship, offering a luxurious marble-like appearance with depth and sophistication.

3. What is Microtopping?

Microtopping is a seamless decorative coating applied in thin layers over prepared surfaces to create a modern concrete-look finish for floors and walls.

4. What is Microcement?

Microcement is a versatile decorative coating that can be applied to floors, walls, bathrooms, kitchens, stairs, and furniture, creating a continuous and contemporary finish.

5. What is Lime Wash?

Lime Wash is a decorative coating that provides a soft, cloud-like texture with natural tonal variations, adding warmth and character to interiors and exteriors.

6. What decorative finishes does Rosholime offer?

We specialize in:

- Venetian Plaster
- Lime Plaster
- Lime Wash
- Polished Plaster
- Microtopping Flooring
- Microcement
- Terrazzo
- Decorative Surfaces
- Interior & Exterior Textures
- Texture Paint

7. Can I customise colours and textures?

Yes. Rosholime offers a wide range of custom colours, textures, and finishes to match your architectural and interior design vision.

8. Where can Rosholime products be used?

Our finishes are suitable for:

- Luxury Homes
- Villas
- Apartments
- Hotels
- Restaurants
- Cafés
- Corporate Offices
- Retail Showrooms
- Salons & Spas
- Commercial Buildings

9. Can Microtopping be applied over existing floors?

In many renovation projects, microtopping can be installed over properly prepared existing substrates, subject to a site inspection and suitability assessment.

10. Do you offer design consultation?

Yes. Our team works with homeowners, architects, interior designers, and builders to recommend finishes, textures, and colour combinations that align with the overall design concept.

11. Do you provide samples before execution?

Yes. We can prepare finish and colour samples to help clients, architects, and designers make confident selections before the project begins.
